# WHY SAFEWISE?

Our goal is to make a difference in workplace health and safety, and we want to work *together with you* to take your health and safety management to the next level.

We value the relationships we create with our clients, and we pride ourselves on the support we provide before, during, and after our services.

Whether you need help with one specific issue, or you want ongoing full health and safety management support, we tailor our services to your needs and work together to achieve the best results.

“

Safewise wrote the health and safety system for my chiropractic practice in Hamilton. I wasn't sure what I needed and found the team helpful and easy to talk to.

They knew exactly what I needed and kept it really simple. They're knowledgeable, interested but not at all pushy. I'd absolutely recommend Safewise!

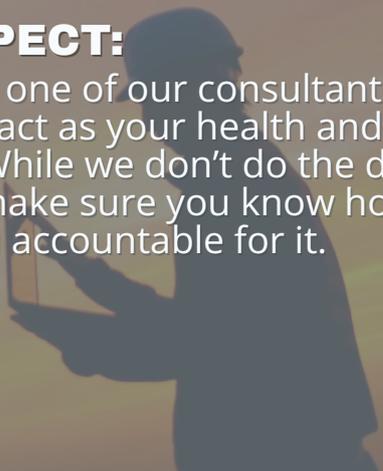

# HEALTH & SAFETY MANAGEMENT

When you're a Safewise management client, you'll receive consistent health and safety support tailored to your needs.

## WHAT TO EXPECT:

You'll be assigned one of our consultants, who will basically act as your health and safety manager. While we don't do the day-to-day work, we make sure you know how to and help hold you accountable for it.

### BEST FOR:

- Small admin teams without someone knowledgeable in H&S
- SME business owners who don't have enough time to do H&S themselves
- Businesses in all industries

### WHAT YOU GET:

- Hands-on H&S support
- Your H&S meetings arranged and facilitated
- Your own tailored H&S system
- H&S system reviews and updates
- Training, hazard management, and accident investigation services
- Assistance with prequalification

“

Safewise provide the expertise, advice and support to a level that suits our organization, ensuring our actions, policy and procedure is relevant, compliant and practical to implement is critical to fostering a culture of safe work with honest commitment from our staff.

# ONE-OFF CLIENTS

All our health and safety services, available as one-off projects when you need them.

From developing or reviewing your health and safety system, to helping with prequals.

## BEST FOR:

If you're wanting to health and safety support on a case-by-case basis.

Or, if you want to try out our services before signing up as a management client.

“ Safewise has been a part of Optiplumb Ltd.'s journey since the business was opened in 2020.

They have ensured we stay compliant, give our staff the best resources and systems to ensure their safety and are there for us when we have questions or need support. This has continued over the years from a team of 3 to now a team of 17.

Safewise have ensured our systems, resources and procedures continue to grow with our team.

# PREQUALS

Whether you're doing in-house or third-party, we can manage the process of prequals for you from start to finish.

## BEST FOR:

Streamlining the prequal process and lessening your workload.

# SITE APP PRO

Site App Pro is an app that we've partnered with, which provides your entire team with access to all the health and safety materials they need.

## WHAT TO EXPECT:

We will support you through the process of getting set up and will continue to provide help with the app once you're all set up.

Thanks to the real-time reporting, we will be notified immediately of any incidents and can help you to address them more promptly.

## BEST FOR

- Going paperless
- Improving the flow of information
- Streamlining health and safety processes and procedures

## WHAT YOU GET

- The mobile app allows you to document incidents, toolbox meetings, inductions, and more
- On desktop, you can generate reports, view completed forms and compliance dates

Safewise has been able to efficiently review and follow-up any incident reports we log into Site App Pro and can provide even better support thanks to its real-time reporting. The app is also extremely useful as it allows us to oversee our entire organisation at a glance.

**P&B GROUP**

# HEALTH & SAFETY AUDITING

From regular site reviews and gap analysis to annual reviews. Whatever your work operation needs, we can provide. You'll receive a report of our observations, detailing what you're doing well and recommendations for improvements.

## **BEST FOR:**

Ensuring operations are running to standard, we'll review all relevant documentation, discuss with yourself and your team, as well as check your site.

# HEALTH AND SAFETY TRAINING

We provide a range of training services to suit your specific needs, whether that's health and safety training for managers or worker participation, we tailor the training for you.

## **BEST FOR:**

Maintaining a cohesive standard of workplace health and safety management for yourself and your team.

## **ACCIDENT INVESTIGATION**

We can either undertake the investigation or peer review your own investigation. We will then provide a thorough report that includes suggested corrective actions and proposed paths for improvement.

### **BEST FOR:**

Identifying new hazards and mitigating risks effectively, reducing the risk of repeat accidents.

## **EVENTS & SEMINARS**

We deliver interactive seminars annually to help organisations understand health and safety better. We also annually organise first aid training through St. John and host fundraising events.

### **BEST FOR:**

Maintaining a comprehensive understanding of health and safety.
